News from Customers

Demand for more healthy lunch option

Compliments on the quality and price of EatSmart Dishes were received from many. However, we also noted that the demand for more healthy lunch option is very strong and our current menu cannot satisfy the growing needs of customers.

- Please provide more healthy lunch options including “More Fruit & Vegetables” and “3 Less” Dishes. You can visit www.eatsmart.gov.hk for EatSmart Dishes.
- Remember to label the EatSmart Dishes clearly

We urge all ESR members to send us your lunch menu with description, so that we can promote them for you in the thematic website.

The 3rd issue of “CookSmart” has been uploaded to the thematic website & its on its way to your door ! Check out for our latest news !
